

Howdy!

We appreciate your interest in our beautiful ranch and would like to take this opportunity to introduce you to one of the finest Dude ranches in the state of

Wyoming, or as our guests say, "Anywhere!" Hectic vacations, big cities and crowds are not a part of your Blackwater visit. At the end of every day a dip in our heated pool or relaxing in our 14 person hot tub is a delight!

We are located just 15 miles from Yellowstone Park on two excellent trout streams.

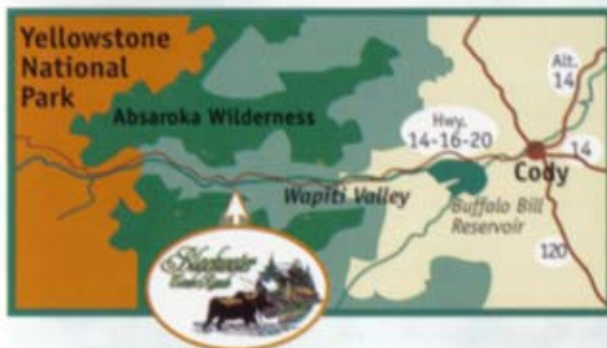

Our meals are served ranch style and are considered "The Best in the West." Our cabins are real cozy and are equipped with all the modern conveniences, however, we have kept them truly western.

So, grab your cowboy boots, hat and old blue jeans and enjoy a great western vacation with our friendly staff at Blackwater Creek Dude Ranch!

Westernly,

Debbie and Family

Live your Dream

Scenery & Riding

Located in the Shoshone National Forest, East of Yellowstone National Park, Blackwater Ranch features some of the West's most breath-taking scenery.

Horseback riding is our specialty and rides vary in length and location.

You'll be guided by our wranglers and enjoy the security of our experienced mountain horses. Every guest is assigned a horse according to the guest's riding ability.

A Day in Cody

Cody, WY, "The Rodeo Capital of the World," offers a truly western experience. One day each week we take our guests to Cody to enjoy everything from white water rafting to the outstanding museums of the Buffalo Bill Historical Center.

Cody's local shops offer a unique variety of western wares & memorabilia. Visit historic Old Trail Town, a collection of historic buildings and gravesites.

A Day in Yellowstone

Yellowstone, America's first National Park, is truly a national treasure, and you'll discover its many wonders on our one-day guided tour. Abundant wildlife and thrilling natural features from geysers to canyons are here for your enjoyment.

You'll see the forests splendid in their displays of beautiful wildflowers, and see the power of nature at work in the historic burn areas.
